for the introductory course in ethics basic moral problems or advanced courses in moral theory
morality and the meaning of life offers a jargon free approach without sacrificing the rigors of logic

in its seventh edition social ethics morality and social policy continues to provide material that will encourage reflective and critical examination of key contemporary moral problems with additional readings and a new organization that groups related chapters together under four categories this edition enhances the teachability that was the most salient characteristic of previous editions the text maintains its ability to bring the central issues into clear focus while allowing supporting arguments for widely diverse positions to be presented by those who embrace them

the premise of this ethical theory anthology is that the study of ethics represents above all else participation in the thinking of a long tradition of philosophers organized historically by philosopher the book provides an introductory chapter on ethical concepts and helpful commentary and study questions throughout the reading selections morality and the good life is substantial enough for a full course in ethics but it is concise enough to allow the instructor time to include other approaches in addition to the classic texts and materials presented in this volume

this book is a compact but comprehensive treatise concerning moral and ethical behavior it consists in part of an overview of the historical foundations concepts theoretical formulations assessment and research methods pertaining to the origins characteristics and consequences of moral and ethical behavior this interdisciplinary and eclectic volume contains material from a

wide range of scholarly and applied areas the eleven chapters are grouped into two sections of four and seven chapters each section i background theories and research deals with the history theories and investigations in philosophy theology psychology and sociology concerned with morality and ethics theories and research on moral development individual differences and procedures for controlling and intervening in immoral behavior are given particular attention in chapters 2 and 4 the seven chapters in section ii applied ethics are application oriented focusing on ethical issues principles and practices in various applied contexts a set of questions and activities are included at the end of every chapter urls for websites containing further information are provided in the appendices a comprehensive glossary bibliography and subject and author indexes complete the book this book will serve as a primary or secondary textbook in college and university courses in departments of psychology sociology business law philosophy political science health sciences and religion

ethics is a part of philosophy that is concerned with living well and choosing the right course of action the choice of the course of action is based on moral reasoning and there is no single moral theory on which we can base the choices that we make the application of moral standards in life is also the concern of ethics theory and practice which deals with moral theories in indian and western philosophical traditions as well as the debates that centre around their application the book has ten chapters the first chapter presents what morality and moral reasoning is the second chapter is a critical survey of some popular concepts of indian ethics the third chapter surveys western moral theories and the remaining seven chapters cover a variety of contemporary moral issues that are controversial as well as inescapable they deal with issues like capital punishment civil disobedience euthanasia and women s rights

does morality apply to international politics can one be a realist and ethical at the same time willard d keim answers these questions in ethics morality and international affairs arguing that the key to the paradigm of foreign relations is the recognition of the freedom of other human beings drawing upon jean paul sartre s two principles being in itself and being for itself keim proposes that while morality should be pertinent to international policy the world is imperfect and values are not absolutes derived from nature he develops the idea of lucidity and in the final chapter applies his theories to the persian gulf war scholars of international politics as well as philosophers and the general educated public will find this book a fascinating read

in human happiness and morality noted philosopher robert almeder provides lucid introductory explanations of the major ethical theories and traditions as well as a clear and comprehensive discussion of the proposed answers to three basic questions in ethics what makes a right act right why should i be moral what is human happiness and how can i attain it he then ventures beyond the basic questions describing the relationship between morality and happiness clearly defining human happiness and raising the question of whether happiness so defined is the likely product of a life lived morally in the final chapter almeder details simple stoic rules for happy living and shows how it is possible to live the good life despite the existence of unhappiness and failure in others

the purpose of this introduction is to sketch our approach to the study of value morality and action and to show the place we assign it in the system of human knowledge 1 value morality and action fact theory and metatheory we take it that all animals evaluate some things and some processes and that some of them learn the social behavior patterns we call moral principles and even act according to them at least some of the time an animal incapable of evaluating anything would be very short lived and a social animal that did not observe the accepted social behavior patterns would be punished these are facts about values morals and behavior patterns they are incorporated into the bodies of animals or the structure of social groups we distinguish then the facts of valuation morality and action from the study of such facts this study can be scientific philosophic or both wayan animal evaluates environmental a

zoologist may investigate the or internal stimuli a social psychologist may examine the way children learn or fail to learn certain values and norms when placed in certain environments and a philosopher may study such descriptive or explanatory studies with a view to evaluating valuations moral norms or behavior patterns he may analyze the very concepts of value morals and action as well as their cognates or he may criticize or reconstruct value beliefs moral norms and action plans

this anthology of selections from key texts in the history of moral philosophy or ethical theory is intended for various ethics courses or for the ethics segment of the introductory philosophy course the revision features new translations for plato and kant plus new selections for aristotle augustine and nietzsche the editorial apparatus includes a concise introductory chapter surveying major concepts a glossary of terms new introductions to each philosopher running commentaries within each selection and discussion questions

almost every thoughtful person wonders at some time why morality says what it says and how if at all it speaks to us david wiggins surveys the answers most commonly proposed for such questions and does so in a way that the thinking reader increasingly perplexed by the everyday problem of moral philosophy can follow his work is thus an introduction to ethics that presupposes nothing more than the reader's willingness to read philosophical proposals closely and literally gathering insights from hume kant the utilitarians and a twentieth century assortment of post utilitarian thinkers and drawing on sources as diverse as aristotle simone weil and philippa foot wiggins points to the special role of the sentiments of solidarity and reciprocity that human beings will find within themselves after examining the part such sentiments play in sustaining our ordinary ideas of agency and responsibility he searches the political sphere for a neo aristotelian account of justice that will cohere with such an account of morality finally wiggins turns to the standing of morality and the question of the objectivity or reality of ethical demands as the need arises at various points in the book he pursues a variety of related issues and engages additional thinkers plato c s peirce darwin schopenhauer leibniz john rawls montaigne and others always emphasizing the words of the philosophers under discussion and giving readers the resources to arrive at their own viewpoint of why and how ethics matters

contemporary moral philosophers have produced an enormous amount of rich and varied published work on virtually all the issues falling within the scope of ethics and moral philosophy morality and the good life is a comprehensive survey of contemporary ethical theory which collects thirty four selections on morality and the theory of value emphasizing value theory metaethics and normative ethics it is non technical and accessible to a wide range of readers selections are organized under six main topics 1 concepts of goodness 2 what things are good 3 virtues and ethics 4 realism vs anti realism 5 value and obligation and 6 the value and meaning of life the text includes both a substantial general introduction featuring explanatory summaries of all the selections and an extensive topical bibliography which enhance the volume's research and pedagogical utility the most up to date and wide ranging survey of its kind morality and the good life is ideal for advanced undergraduate and graduate courses in contemporary ethical theory moral philosophy and theory of value

a philosophical treatise on the principles of morality and their application in everyday life robinson draws on a wide ranging set of sources to build a comprehensive ethical framework with a focus on practical ethics this book is an essential guide for anyone interested in philosophy ethics and moral philosophy this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is

important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

in its seventh edition social ethics morality and social policy continues to provide material that will encourage reflective and critical examination of key contemporary moral problems with additional readings and a new organization that groups related chapters together under four categories this edition enhances the teachability that was the most salient characteristic of previous editions the text maintains its ability to bring the central issues into clear focus while allowing supporting arguments for widely diverse positions to be presented by those who embrace them

it is possible to approach but not to achieve the goal of perfection to the three traditional philosophical values of truth goodness and beauty it is appropriate to append the important values of wisdom humanness and grace among the resources available toward the perfection of behavior are ethics morality and mores the first chapter of this document introduces a structured approach to the subject of ethics morality and mores chapter 2 defines principal terms and chapter 3 gives reasons for the importance of ethics morality and mores the fourth chapter discusses the content of the three subjects and synthesizes their concepts chapter 5 attempts to get at the dynamics of ethics and morality while the sixth chapter provides a brief historical summary separately the seventh chapter records various efforts to make the approach to ethics more scientific chapter 8 underlines the enjoyment of life suggesting that the good life emphasizes the individual quality of life emphasizes the group and proper life emphasizes the culture in the ninth chapter is a summary of conclusions about personal behavior findings understanding and enjoyment the book represents an attempt to combine technical accuracy with clarity of presentation sg

a perfect guide for all philosophy students wishing to better understand the field of ethics many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive we are republishing these classic works in affordable high quality modern editions using the original text and artwork
