during the eighteen centuries that have elapsed since the close of the scripture canon not a single statement of the written word of god has been disproved by any human discovery all the attempts of scoffers and critics and historians and scientists and philosophers to throw discredit upon the inspired volume have only rebounded upon themselves and illustrated the impiety virulence ignorance shallowness and conceitedness of their authors next after the assaults of the first three centuries upon the christian church the most vigorous learned and persistent efforts to undermine the religion of the bible have been made by some votaries of 1 criticism 2 science and 3 philosophy during the last hundred years led on by the enmity of the unrenewed and unspiritual mind against god and by the strategy of the prince of the power of the air these assailants of divine revelation have left the solid ground work of facts and pretentiously soared into the aerial regions of speculation and conjecture and by the ordination of the most high they have become so bereft of that common sense or reason which they idolize as to suppose themselves able by their unsubstantial gossamer theories to overturn the everlasting foundations of the zion of our god this book tells the history of the church of god

the church of god in christ cogic an african american pentecostal denomination founded in 1896 has become the largest

pentecostal denomination in the united states today in this first major study of the church anthea butler examines the religious and social lives of the women in the cogic women s department from its founding in 1911 through the mid 1960s she finds that the sanctification or spiritual purity that these women sought earned them social power both in the church and in the black community offering rich lively accounts of the activities of the women s department founders and other members butler shows that the cogic women of the early decades were able to challenge gender roles and to transcend the limited responsibilities that otherwise would have been assigned to them both by churchmen and by white dominated society the great depression world war ii and the civil rights movement brought increased social and political involvement and the women s department worked to make the sanctified world of the church interact with the broader american society more than just a community of church mothers says butler cogic women utilized their spiritual authority power and agency to further their contestation and negotiation of gender roles in the church and beyond
